

CELTIC TWEED

ABOUT US

At Celtic Tweed we love tradition and embrace excellence. From our space in Balbriggan, Dublin we create uniquely designed garments that encapsulate a love of traditional tailoring. Our in house production allows us to provide more choice to you our buyers and ultimately your customers.

Fast fashion has taken over the world if it continues it could lead to the extinction of quality craftwork with ecologically disastrous effects on the environment. Slow fashion we believe is the only way forward. Our vision is to make timeless authentic pieces sustainably here.

We are proud to be a Guaranteed Irish Company and continue to work towards creating sustainable fashion that can be enjoyed for generations.

We hope our journey and efforts will help to save this beautiful planet. In the words of Seamus Heaney
"Believe that a further shore is reachable from here."
