

'KOW  
KINGDOM OF WOW

one slipper | two regular sizes  
= fewer SKUs & less returns

unique barefoot design

seasonless collection | colourway consistency  
= stock longevity & less discounting

## Carefully crafted comfort

Handmade footwear designed for year-round comfort.  
Crafted with care using sustainable materials in a fair and  
empowering workplace.

## From Thread to Toe

Contrary to on-trend fast fashion where brands are disconnected from manufacturing, our entire design and production process is managed from our Cambodia-based workshop. Letting us stay connected every step of the way.

## Sustainability

We all have a footprint. As a business we strive to minimise the impact we have on this planet, by using biodegradable materials for our products. And the little carbon we create offset with carbon credits supporting the protection of native rainforest in Cambodia.

Read how Kingdom of Wow supports the  
protection of the rainforests in Cambodia

## Made ethically

Our workshop provides a safe and healthy work environment for our team, a place where our products are created with care and commitment to the sound of friendly chatter and laughter.

## Manufacturing with purpose

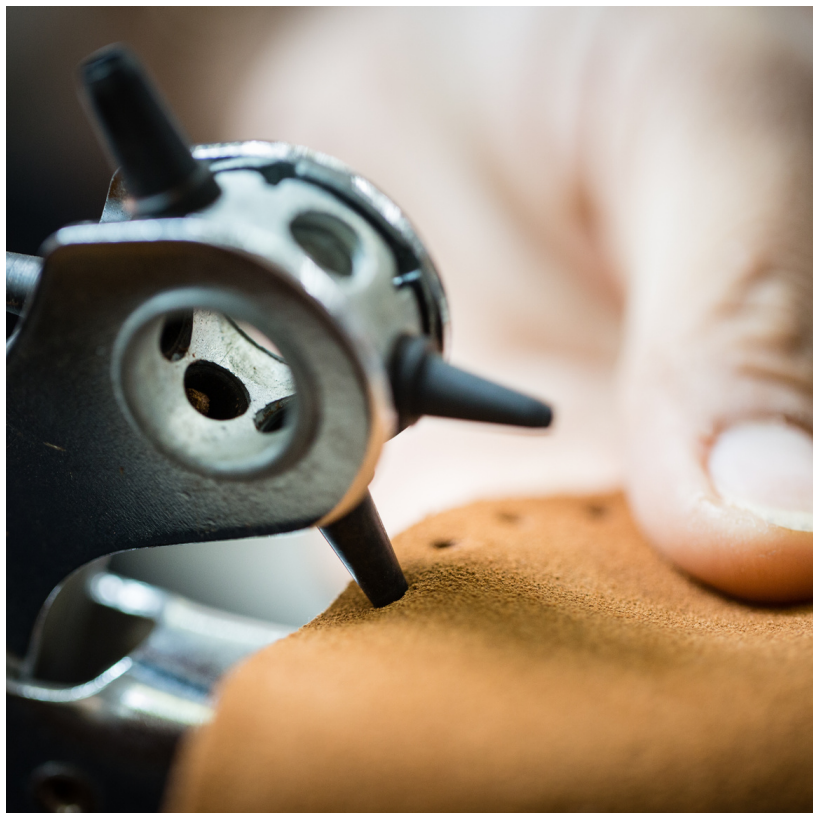

Our footwear is a labour of love, not only in its design but in its creation. We take pride in doing things right, this means producing our footwear responsibly, the only way to do things in our book.

- ✓ Unique Design
- ✓ Handmade
- ✓ Biodegradable

## the Wow Difference for Retailers

- ✓ one pair covers two regular sizes = fewer SKUs & less returns
- ✓ seasonless collection & colourway consistency = stock longevity & less discounting
- ✓ our product is crafted in our own workshop = manufacturing transparency
- ✓ ethical, sustainable & barefoot by design = diversity in target audience
