SHEPHERD®

Double face

Genuine sheepskin for the whole family. Soft, natural and perfectly matched for cosy moments together. The slippers are crafted from a single high-quality, unbroken piece of sheepskin with both a woolly side and a leather side. We call this doubleface. Although we cut the sheepskin into parts to assemble each slipper, we do not use any other material in production.

By using doubleface sheepskin, we harness all the fantastic qualities that comes with a natural material, such as durability and breathability. This natural material effectively wicks away moisture, keeping your feet dry and comfortable throughout the day.

Wake up each morning, ready for another wonderful day with your Shepherd slippers by your side.

Comfort Meets Craftsmanship!

Designed with style and comfort in mind, Shepherd Denver slippers bring together style and elegance in a classic moccasin design. A perfect choice for those who value timeless style and functionality.

Discover the Gotland collection: Scandinavian elegance in authentic sheepskin

Shepherd's Gotland Collection celebrates our Scandinavian heritage, crafted from the unique Gotland sheepskin. Known for its silvery-grey tones and fine curls, this sheepskin comes from the Gotland sheep, a Swedish heritage breed with origins tracing back to Viking times.

The collection includes slippers, mittens, a warm hat, and even a sheepskin-covered hot water bottle. Each piece brings the natural elegance and warmth of Scandinavian design, offering both beauty and practicality for everyday comfort.

BAGS

Our bags are crafted from the finest sheepskin and wool, ensuring a luxurious feel and a sophisticated look. The natural fibers offer an unmatched tactile experience, while their durability promises long-lasting use.

A close-up photograph of a person's hands holding a large, dark, curly wool rug. The rug is the central focus, with its thick, textured fibers clearly visible. The person's hands are positioned at the top and bottom edges of the rug, suggesting they are presenting or examining it. The background is softly blurred, showing more of the rug and the person's arms. Overlaid on the image is the text "Handcrafted" in a white, elegant cursive font, with a small white heart icon to its right.
