

# CELTIC TWEED

Heritage • Craftsmanship • Timeless

Handmade in Ireland

A collection shaped by heritage, refinement, and a distinctly modern Irish confidence. Celtic Tweed invites buyers into a world where craftsmanship is elevated, silhouettes are sharpened, and every piece carries the quiet power of considered design.

Our new pieces blend the richness of wool and linen with contemporary tailoring, offering outerwear, occasion pieces, and elevated essentials that feel both timeless and forward looking.

Textures are deeper, colours more nuanced, and details intentionally architectural, creating looks that resonate with customers seeking heritage, craftsmanship, and timeless style all made in Ireland

Sustainability remains central to our ethos, for our customers this is an opportunity to introduce a story that their customers connect with instantly, a story of authentic Irish craft, modern elegance, and pieces designed and made here to become heirlooms for future generations to enjoy. Celtic Tweed 2026 brings beauty, purpose, and commercial strength together effortlessly.
